Sir,

Subject Loan for improving Water Supply Scheme in Channarayapatna Town Municipal Council

In forwarding herewith a copy of letter No ML C 2209/397/52-53 dated 29-6-53 together with its enclosures received from the Deputy Commissioner, Hassan District on the above subject, I write to state that the Deputy Commissioner had reported that in view of the fact that the present system of water supply in the town is inadequate to meet the growing demand of the town as water cannot be supplied to some portions of the town which are situated at a higher level than the existing reservoir and as water cannot be supplied to the Dispensary under construction, staff quarters, and the new extension, the Municipal Council Channarayapatna, at their meeting on 3-6-53 resolved that the estimate for Rs 52,375/- prepared by the Executive Engineer, Hassan Division, providing water supply to the above mentioned parts of the town be taken up and requested to sanction a loan equal to the estimated cost

Further the Municipal Council have resolved to abide by the terms that might be ~~levied~~ laid down by Government regarding the period of payment, rate of interest and hence proposed to repay the loan out of the Mchatarfa and octroi collections

P T O

The estimate provides for the following items -

1 Stand by pumping set

2 Construction of a new R C C tank of 20,000 gallons capacity at a higher level so as to command the localities situated at higher levels

3 Providing 3" C-1 rising main and distribution lines

The Deputy Commissioner, states that the Municipal Council has proposed to repay the loan out of octroi and Mohatarfa and by increasing the resources of the Municipality by revising the assessment on buildings and lands and by establishing daily toll-gate and levy of Bus Stand fees

The Chief Engineer in Mysore, who was consulted in the matter, has stated in his letter No GL 3772-3 dated 4-8-54 that the present scheme contemplates water supply improvement works to higher zones and the new proposed extensions and this in addition to the estimate already technically sanctioned for Rs 21,000/- underthe 50 lakhs scheme now taken up for execution The Chief Engineer, suggests that this new Scheme for Rs 52,375/- may be taken up only after the execution of Rs 21,600/- now under execution He suggests that the estimate amounting to Rs 52,375/- may in the meanwhile be submitted to Government for obtaining administrative sanction with due provision for funds The Deputy Commissioner, states that sanction of Government may be obtained to the above proposals of the Municipal Council, Channarayapatna

In the circumstances, reported, I request you to obtain sanction of Government to the estimate for R 52,375/- as scrutinised by the Superintending Engineer Further orders of Government sanctioning the loan (Rs 52,375) asked for by the Council and recommended by the Deputy Commissioner may also be obtained for the above ~~proposal~~ purpose on the same conditions enumerated in the Government Order No L 16362-453 ML 145-52-20 dated 20-12-52 sanctioning a loan of R 21,600/-

for improving the water supply to the town which is under execution

Yours faithfully,

Copy of letter No ML C 2209/397/52-53 dated the 29th June 1953 from the Deputy Commissioner, Hassan District to the Commissioner for Local Self Government in Mysore, Bangalore

Subject Loan for improving Water Supply Scheme in Channarayapatna Town

I write to forward herewith copy of letter No C 38/ 53-54 dated 27th June 1953 and its enclosures received from the President, Channarayapatpa Municipality on the above subject and to state as follows -

The Municipal Council in their meeting held on the 3rd June 1953 have resolved that as the present system of water supply in the Town is not adequate to meet the growing demands of the Town, as water carnot be supplied to some portions of the Town which are situated at a higher level than the existing reservoir and as water cannot be supplied to the Dispensary under construction, staff quarters and the new extension of the Town etc , that the estimate for R 52,375/- prepared by the Executive Engineer, Hassan Division for providing water supply to the above mentioned parts of the Town might be taken up and that as the present financial condition of the Council does not permit this expenditure, Government may be requested to sanction a loan equal to the estimated cost They have resolved to abide by the terms that might be laid down by Government regarding the period of repayment and the rate of the interest and have proposed to repay the loan out of the mohatarfa and octroi collections The estimate prepared by the Executive Engineer, Hassan provides for (a) a stand-by pumping set (b) Construction of a new R C C tank of 20,000 gallons capacity at a higher level so as to command the localities situated at higher levels (c) Providing 3"c l rising main and distribution lines etc

P T O

A loan of Rs 21,600/- for improving water supply in the town was sanctioned in Government Order No L 16362-453-ML 145-52-20 dated the 26th December 1952 The Municipal Council has executed the loan bond Technical sanction to the said estimate for Rs 21,600/- has been accorded in Government Order No-P W 11064-70/W S 14-52-32 dated the 3rd March, 1953 and the Accountant General has authorised the Executive Engineer, Hassan Division to take up the execution of the work and to incur expenditure to the extent of the loan sanctioned The Executive Engineer intimates that orders have been placed for supply of pipes and specials and that quotations have been called for other items of work

The financial position of the Municipality for the last two years is as follows -

	1952-53	1951-52
Opening Balance	864	2,619
Receipts	24,690	24,247
Total	25,554	26,866
Total Expenditure	23,412	26,002
Closing Balance	2,142	864

A statement showing the receipts and expenditure under major heads for the above years is also enclosed for refere ence The Municipal Council intends to repay the loan out of Octroi and Mohatarfa collection The annual income from Octroi at present is Rs 9,600/- The Council has taken action to enhance the existing rates and also to levy octroi on some more fresh items An Assessing Officer has been posted for revising the assessment on buildings and lands and the Council also intends to establish daily toll gate and levy Bus Stand Fees The Council may be asked to earmark the increased income from the above sources to repay the loan

(6)

The loan asked for by the Council may be recommended to be sanctioned subject to the same conditions enumerated in the G O dated 26-12-1952 and the estimate sanctioned 20
The Municipal Council has to take immediate action to improve their income as proposed so as to enable them to provide funds for repayment of the loan instalments
